SARTORIA^{est.} 2018

2018: Sartoria is created, combining the knowledge with the understanding of modern ceramic history. A tailored project for all those who love interior design, small sizes, colour and decoration. From these four elements a new chapter within Terratinta Group is born, aiming to create a new style that can be exported all over the world.

Just like the detailed and creative creations of a tailor, Sartoria designs and fulfils distinguished ideas, giving new life to the craftsmanship of the small ceramic size. From white-body walls to gres porcelain tiles, different options designed for small and wide spaces: a unique, contrasting design, a choice between styles, a choice of style.

Dall'esperienza di una storia ceramica recente senza precedenti, nel 2018 nasce Sartoria. Un progetto su misura per chi ama l'interior design, il piccolo formato, il colore e la decorazione. Da questi quattro elementi nasce un nuovo capitolo all'interno di Terratinta Group, con l'obiettivo di creare un nuovo stile esportabile in tutto il mondo. Così come le creazioni di un sarto, meticolose e creative, Sartoria disegna e realizza grandi idee, dando nuova vita all'artigianalità del piccolo formato ceramico. Dal rivestimento in pasta bianca al porcellanato, diverse combinazioni pensate per piccoli e grandi spazi: un design unico, contrastante, una scelta di stili e di stile.

WHERE MATTER MEETS LIGHT

The Alchemica collection emerges at the intersection of matter and light, where research and creative instinct meet in perfect harmony. Like in an ancient alchemist's laboratory, earth is transformed by fire into luminous ceramic, giving rise to surfaces that capture the timeless magic of metamorphosis. Each tile is a unique piece, the result of a skilled process in which color, glaze, and heat fuse into an unrepeatably harmony. Rich and vibrant tones – from the warm echoes of terracotta to the fresh, enveloping shades of green – evoke the beauty of nature and the genuine emotion of the artisanal craftsmanship. Alchemica is a sensory journey between past and present, a space where tradition meets experimentation and matter becomes art.

DOVE LA MATERIA INCONTRA LA LUCE

La collezione Alchemica nasce dall'incontro tra materia e luce, dove ricerca e istinto creativo si fondono in un equilibrio perfetto. Come in un antico laboratorio d'alchimia, la terra si trasforma sotto l'azione del fuoco, diventando ceramica luminosa, dando vita a superfici che raccontano il fascino eterno della metamorfosi. Ogni piastrella è un pezzo unico, risultato di un processo sapiente in cui colore, smalto e calore si fondono in un'armonia irripetibile. Le tonalità profonde e vibranti – dai caldi richiami della terracotta alle sfumature fresche e avvolgenti dei verdi – evocano la ricchezza della natura e l'emozione autentica del gesto artigianale. Alchemica è un viaggio sensoriale tra passato e contemporaneità, un luogo in cui la tradizione incontra la sperimentazione e la materia si fa arte.
